PROFESSIONAL PROFILE

Web Application Development graduate (DAW 2025) with real company internship experience, active GitHub portfolio, and autonomous management of 10+ digital clients. I combine production web maintenance, full-stack delivery (auth, APIs, databases), n8n workflow automation, and Git/Trello coordination. Quadrilingual profile used to international teams and clients. Seeking immediate junior role: maintenance, feature delivery, L1/L2 support, and process improvement.

VALUE PROPOSITION

Real production	Aicor internship: live sites, Git workflow, client-driven deadlines
Capstone project	Full-stack app: auth, roles, admin panel, dynamic QR, Spotify Web API, MySQL
2026 portfolio	3 public repos: Next.js (multistream), FastAPI (yt-downloader), Flask (job-tracker)
Clients	10+ accounts managed end-to-end (briefing, delivery, QA) in 4 languages
Measurable reach	2M+ organic views in 30 days (validated content campaign)
Extra training	370h EOI: Python, SQL, Power BI, data pipelines

PROFESSIONAL EXPERIENCE

Web Developer (internship) · Aicor Digital Solutions

Córdoba, Spain · Sep 2025 – Dec 2025 · Hybrid

- Production website maintenance with HTML5, CSS3, JavaScript, and WordPress (fixes, updates, user support).
- Team Git workflow: feature branches, commits, pull requests, conflict resolution, staging deployment.
- Trello coordination: sprint prioritization, ticket tracking, progress reporting.
- Junior support on React (reusable components) and Laravel (routes, controllers, migrations, validation).

Availability

24–48h · Remote

Hybrid · On-site

EU mobility

- Responsive improvements using Flexbox, Grid, and media queries.
- Internal documentation for components, flows, and basic user manuals.

Digital Consultant & Web Operations · Freelance

2026 – present · Remote · Clients in ES, MA, FR, UK

- Managed 10+ clients across full lifecycle: onboarding, planning, delivery, revisions, closure.
- Multilingual coordination (Spanish, Arabic, English, French) without interpreter dependency.
- Task automation with n8n (notifications, data flows, reminders).
- QA on web/content deliverables; 24–48h turnaround when required by project scope.
- Verified campaign reach metrics (2M+ organic views / 30 days).

PROJECTS (GITHUB · 2026)

MultiStream Upload

github.com/mcherif004/multistream-upload · Next.js 14 · TypeScript

- Dashboard for per-platform video metadata (YouTube, TikTok, Instagram, Twitch) and batch upload API.
- NextAuth (Google), Zod, account verification (oEmbed); **MVP**: local storage upload — platform publish adapters in progress.
- GitHub CI (lint + typecheck); Vercel deployment documented.

yt-downloader

github.com/mcherif004/yt-downloader · Python · FastAPI

- Local API using yt-dlp and ffmpeg for video/audio download (YouTube, Twitch, Kick).
- Health endpoint `/api/health` and OpenAPI docs for integration.

Job Tracker

github.com/mcherif004/job-tracker · Flask · SQLite

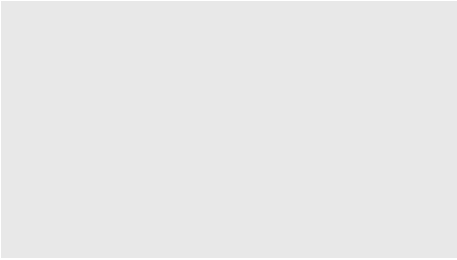

- Assistant to organize job applications (manual-first, responsible LinkedIn usage).
- CSV export, pytest test suite, simple architecture ready to extend.

QR Music Platform · Final Degree Project

2025 · PHP · MySQL · Spotify Web API

- PHP session auth; user roles and admin panel.
- Dynamic QR linked to playlists; Spotify Web API integration.
- Portfolio: mcherif004.github.io/Portfolio
