MOSTAFA CHERIF

Web Developer · Video Editor · ES · EN · FR · AR

PROFILE

After upper secondary school I chose web development (DAW). In my second year I worked while studying, learning to balance both from early on. My internship at Aicor Soluciones Digitales involved WordPress in production with an eight-person team, and I designed the agency website in Figma on my own. I graduated in December 2025; I am looking for my first developer role and keep learning on my own. Since January 2026 I combine WordPress e-commerce sites in Spain and Germany with content editing for clients across Europe and North America, in English, French or Spanish. React, Next.js, Python, PHP; I use AI daily and build n8n automations. Public projects on GitHub.

EXPERIENCE

Web Developer · WordPress

Jan 2026 – present · Córdoba · clients ES · DE

- WordPress sites for e-commerce businesses; briefs, deadlines and client support in English or Spanish.
- Two active clients in Germany and Spain; ongoing follow-up through delivery.

Content Editor

Jan 2026 – present · Córdoba · clients DE · FR · ES · US · MX

- Fifteen-plus accounts in 2026: briefing, editing, revisions and delivery via email and video calls.
- Content with 5M+ organic views; day-to-day communication in English, also Spanish or French.

Web Development Intern · Aicor Soluciones Digitales

Córdoba · Sep – Dec 2025

- WordPress and front-end (HTML/CSS/JS) in production; around ten sites within an eight-person team.
- Built an online store; designed the full agency website in Figma on my own.
- Team Git workflow (branches, pull requests) and REST API work.

Customer Service · Confucio Wok

Córdoba · Jun 2024 – Jun 2025 · weekends and holidays

- Waiter in a high-volume restaurant (300+ guests/day): floor service, payments and on-the-spot issues.
- Cleaning, buffet restocking and warehouse; coordination with kitchen during peak hours.
